BOOK SYNOPSIS

Author of the best selling Study Guide for the PMP exam, PMP In Depth, Dr. Paul Sanghera, presents more than 480 flashcards in this book to help you prepare for the PMP and CAPM exams. These flashcards offer a quick and logical review of your preparation for the PMP or CAPM exam, and are designed to improve your information recall capability and response speed during the exam. Special features: *All the important concepts, terms, formulae, and processes are covered. *The depth and style of coverage makes these flashcards indexes into your memory so that if you go through these flash cards after reading a study guide, its equivalent to going through the study guide once again, only in much less time. *The flashcards are self contained and no reference to any study guide is made. *When necessary, the answer is explained. This book is designed as a convenient and portable reference for on-the-go studying. You can take it with you anywhere and use it when a time window becomes available.
