BOOK SYNOPSIS

One of the first books in the field of counseling to use a competency-based approach for teaching counseling and psychotherapy theories, Geharts text is designed to teach the skills and knowledge outlined in current CACREP Standards. Featuring state-of-the-art, outcomes-based pedagogy, the text introduces counseling and psychotherapy theories using theory-informed case conceptualization as well as treatment planning. Assignments empower students to apply theoretical concepts and develop real-world skills as early as possible in their training, resulting in greater mastery of the material. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
